MEMORANDUM FOR: DCI

25X1

VIA: DDCI

FROM: [redacted]
Chief, Community Counterintelligence Staff/ICS

SUBJECT: 1983 Hostile Intelligence Services Threat and US Countermeasures -- Recommendations

1. Reference my memo of 29 December 1983 which forwarded Judge Webster and General Stilwell's response to your memo to them of 16 December 1983, subject as above.

2. Attached for your review is the final draft of the Recommendations which we will send to the printer this week. Both FBI and DoD concur in the Recommendations, which were rewritten to accommodate their concerns. State Department disagrees on the need for SIG(I) re-examination of three of the four issues on hostile presence. State suggested that the IG/CI keep these matters "under continuing review."
